EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 9/27/2006, David Lynch (Reg. # 36,204) requested an extension of time for 3 MONTH(S) and authorized the Director to charge Deposit Account No. 503669 the required fee of \$1,020 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

1. (Currently Amended) A method for providing one click printing, comprising:
providing a document identifier for a document to a print job acceptor using a single user action; and
acquiring and printing the document by the print job acceptor based upon the provided document identifier;
wherein the providing the document identifier further comprises selecting a document, determining whether the selected document can be handled by the print job acceptor and submitting the document identifier to the print job acceptor for acquiring

and printing the document when the document can be handled by the print job acceptor
and wherein the document identifier comprises a uniform resource locator.

24. (Currently Amended) An article of manufacture comprising a computer program storage medium readable by a computer, the medium tangibly embodying one [[c~r]] or more computer programs of encoded with instructions executable by the computer to perform a method for providing one click printing, the method comprising:

providing a document identifier for a document to a print job acceptor using a single user action; and

acquiring and printing the document by the print job acceptor based upon the provided document identifier;

wherein the providing the document identifier further comprises selecting a document, determining whether the selected document can be handled by the print job acceptor; and submitting the document identifier to the print job acceptor for acquiring and printing the document when the document can be handled by the print job acceptor and wherein the document identifier comprises a uniform resource locator.

Please cancel claims 13, 16-23, and 36.

In claim 14, line 1, change "13" to --1--.

In claim 37, line 1, change "36" to --24--.

In the abstract:

In the abstract, line 2, delete "is disclosed"

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record (namely, Wolff US Patent Application Publication 2005/0021608) does not disclose, teach or suggest the claimed limitations of: providing a document identifier for a document to a print job acceptor using a single user action; wherein the providing the document identifier further comprises selecting a document, determining whether the selected document can be handled by the print job acceptor and submitting the document identifier to the print job acceptor for acquiring and printing the document when the document can be handled by the print job acceptor, as claimed in independent claim 1. Claim 24 recites similar claimed subject matter and is allowable for the same reasons.

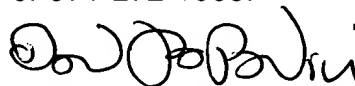

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
